[57] **CLAIM**

The ornamental design for a desktop-computer housing or similar article, as shown and described.

**DESCRIPTION**

FIG. 1 is a top, front, right side perspective view of the desktop-computer housing or similar article showing a first embodiment of my new design having a closed door;

FIG. 2 is a top, front, right side perspective view thereof having an open door;

FIG. 3 is a left side elevational view thereof, the right side being a mirror image;

FIG. 4 is a rear elevational view thereof;

FIG. 5 is a top, front, right side perspective view of the desktop-computer housing or similar article showing a second embodiment of my new design having a closed door;

FIG. 6 is a top, front, right side perspective view thereof having an open door;

FIG. 7 is a left side elevational view thereof, the right side being a mirror image;

FIG. 8 is a rear elevational view thereof.
