HOSE COIL HOLDER

David E. Bradley, Rte. 1, Box 366,
Morgan Hill, Calif. 95037

Filed Oct. 18, 1965, Ser. No. 87,577

Term of patent 7 years

(Cl. D91-1)

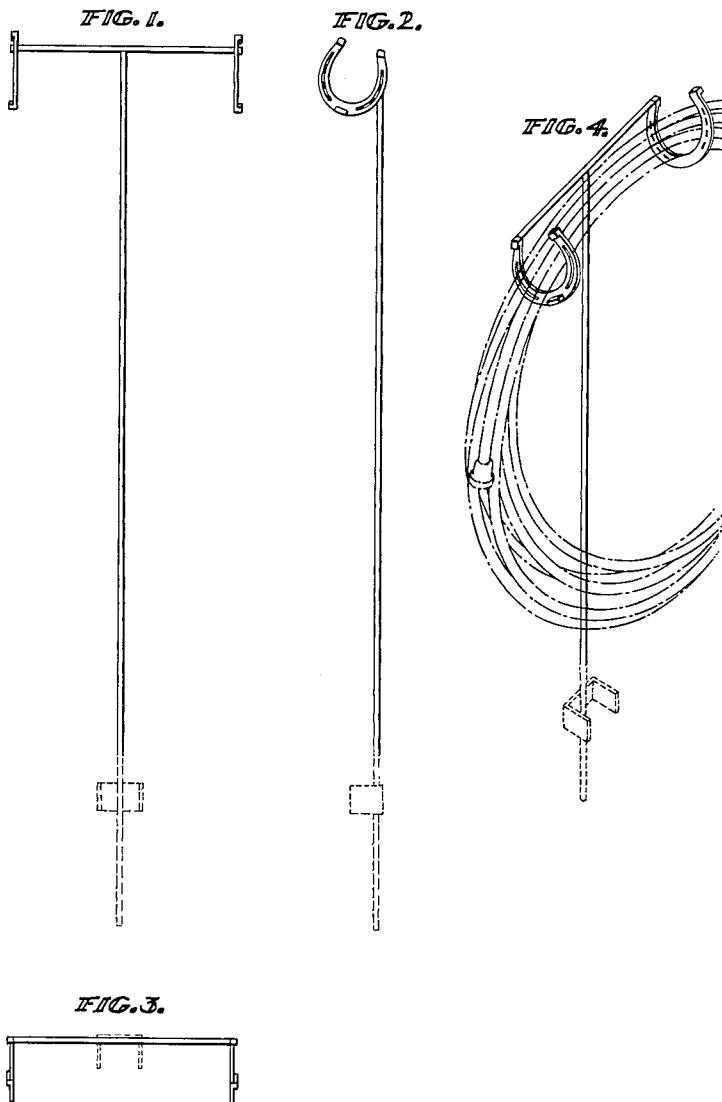

FIG. 1 is a front elevational view of a hose coil holder embodying my new design.

FIG. 2 is a side elevational view of the hose coil holder.

FIG. 3 is a top plan view of the hose coil holder.

FIG. 4 is a perspective view of the hose coil holder as it appears when mounted on a lawn, a coil of hose supported thereon being shown in broken lines for illustrative purposes only.

The dominant features of my design reside in the portions shown in full lines.

I claim:

The ornamental design for a hose coil holder, as shown and described.
